Bree Fredericks
Senior Manager, Water Accounting & Trade Services
Department of Energy, Environment and Climate Action

Dear Ms Fredericks

Re: Barmah trade opening, 3 July 2026 - ACCC Independent Observer of the execution of 'randomisation tool'

I, Grant Kari, Acting General Manager – Water Branch, Australian Competition and Consumer Commission (ACCC), state that:

1. An ACCC representative from the Water Branch observed the administration of the trade randomisation process conducted by the Victorian Department of Energy, Environment and Climate Action (DEECA) and WaterNSW on Friday, 03 July 2026.
2. The same ACCC representative subsequently reviewed a recording of that process and has confirmed the recording of the process is a true, complete and accurate representation of the trade randomisation process that was observed by the ACCC representative.
3. The ACCC representative did not observe any editing or changes to the output of the randomisation tool during the randomisation process.
4. The order of the applications in the *Goulburn-to-Murray and Barmah Narrows Post Trade Opening Report – July 2026* matches the output of the randomisation tool.

Yours sincerely

Grant Kari
Acting General Manager
Water Branch
